Executive Director
Kentucky Public Service Commission

Frankfort, Kentucky 40601

Dear Ms. O'Donnell:

On November 1, 2004, Louisville Gas and Electric Company and Kentucky Utilities Company gave written notice of their intention to file with the Commission on or after December 1, 2004 new rate tariffs containing a mechanism for the pass-through of MIS0 related revenues and costs not already included in existing electric base rates.

A review of the Commission's website shows the November 1, 2004 letter was filed in the record for the Commission's *Investigation into the Membership of Louisville Gas and Electric Company and Kentucky Utilities Company in the Midwest Independent Transmission System Operator, Inc.* - Case No. 2003-00266.

LG&E and KU request the Commission to assign new case numbers separate from Case No. 2003-00266 for the tariff filings referenced in the November 1, 2004 letter and advise the utilities of the same so that the case numbers may be incorporated into the rate applications.

Should you have any questions, please contact me at your first convenience.

Very truly yours,

Kent W. Blake /jge
